

Websites to support online safety

At Trinity Road Primary School, we educate the children about online safety issues to help keep them safe both in and out of school. We are using digital technologies more than ever and they have become an essential part of our lives. Technology can provide new opportunities and help with many aspects of our learning at school. However, it is vital that children feel safe while they are using technology and using the Internet.

Here are some links to help you, as parents/carers, support your child and ensure they are as safe as possible in this digital age.

- Help and advice for families in a digital world
