Dear Parents/Carers,

Year 2 – 6 - Computing – Online Safety

I am writing to inform you of an exciting opportunity that we are lucky to be taking part in. At Trinity Road, we use the Google 'Be Internet Legends' programme to support the teaching of online safety. The children are taught about the Internet Legends Code: when they are online, they know to think about being sharp, alert, secure, kind and brave.

Your child is going to bring home a 'Build Your Legend' pack. It contains an interactive game designed for you and your child to build together. There is an online quiz, which expands on the learning your child will already be doing in school, and the material needed to build an Internet Legend trophy. When you answer a question on the quiz, you will be given an instruction to build your trophy.

You can play on a mobile or tablet by scanning the QR code at the top of your pack. If you are using a desktop or laptop, type g.co/BuildYourLegend into the search bar of your browser and press enter. All other instructions are included in your pack.
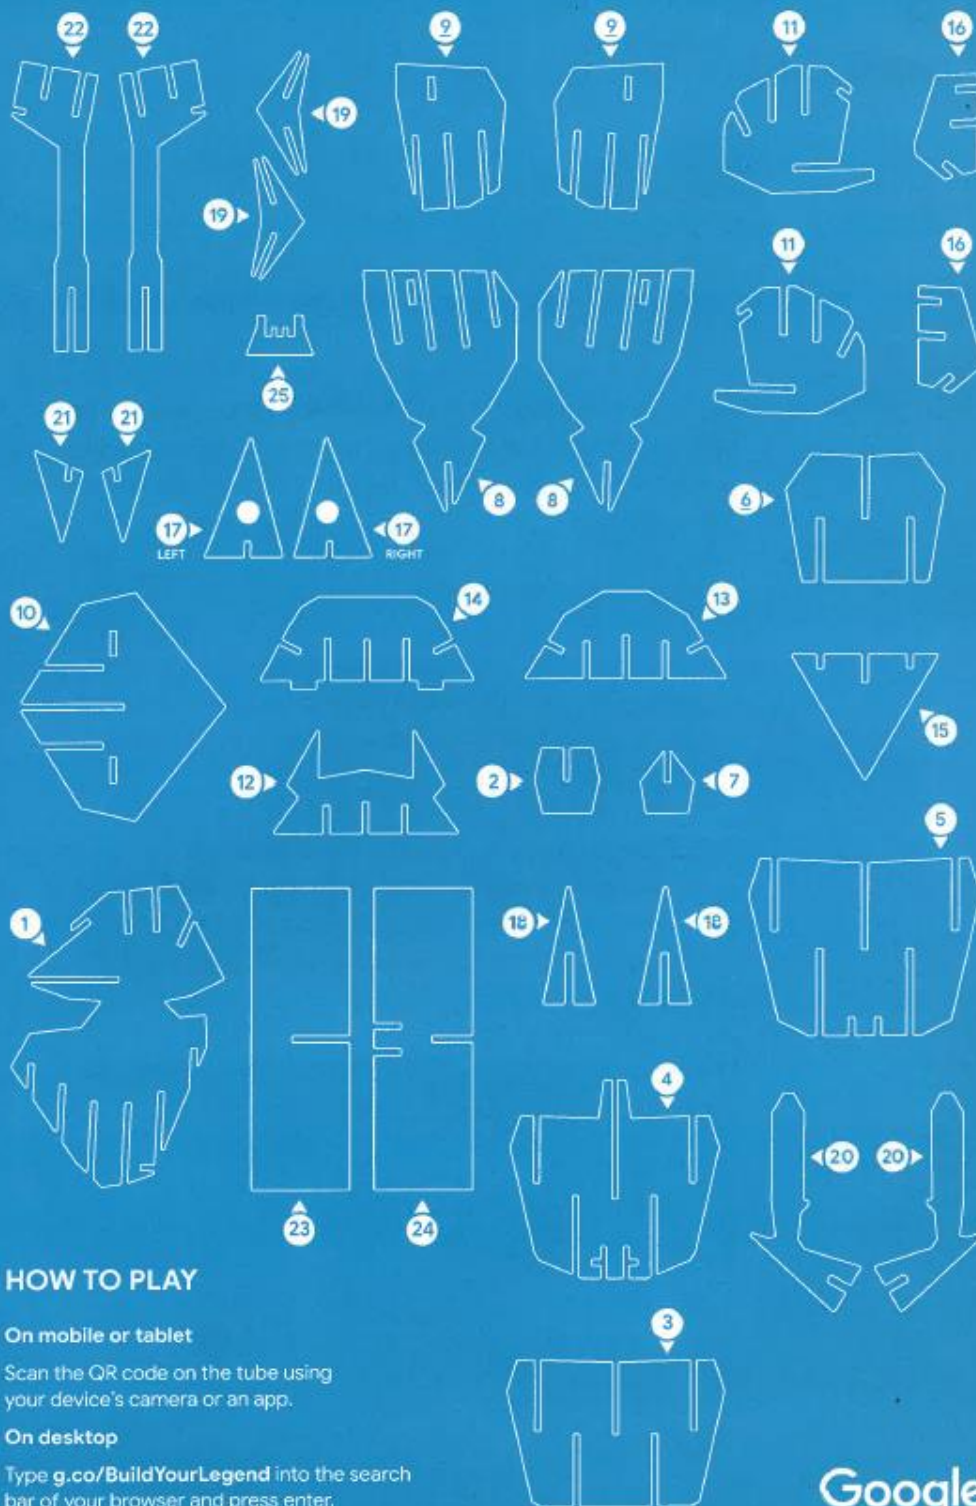

I hope you enjoy working through the quiz and building your trophy with your child, whilst also reinforcing the important message about online safety. Please let your child's teacher know how you get on with this project.

Yours faithfully,

Miss Ros Clare
Computing Lead

HOW TO PLAY

On mobile or tablet

Scan the QR code on the tube using your device's camera or an app.

On desktop

Type **g.co/BuildYourLegend** into the search bar of your browser and press enter.
